

**2021 FIM JUNIOR MOTOCROSS WORLD CHAMPIONSHIP  
IMN 205/01 & 215/01 – AMOTOE - MEGALOPOLIS**

**This notice applies to riders and team members!**

**Important notice from the FIM Race Director**

Riders must wear full upper body protection (front and back), shoulder, elbow and knee protections otherwise they will be refused to enter the track!!!

**This notice applies both to riders and team members!**

**Important notice from the FIM Medical Director**

- Due to the expected high temperatures, please pay special attention to drinking a sufficient amount of liquids as well as enough minerals ("salts") to prevent dehydration. Drinking water is essential but we would recommend the use of isotonic fluids - these are available commercially or by adding electrolyte tablets or powder to water.
- We would also recommend that sufficient volumes of fluids are taken prior to each session as well as sufficient volumes being supplied by team members to riders upon finish of every session. You should take sufficient volumes of liquids to make you urinate. The most effective way to administer liquids is by mouth.

| <b>NEW TIME SCHEDULE 2</b>                                       | <b>Sunday 1 August</b>       |
